**Report on
Dental Checkup Camp
Organized by**

Maulana Mukhtar Ahmad Nadvi Technical Campus, Malegaon

Day and Date	Saturday 27 March 2021
Time	9 AM to 3 PM
Venue	Farooqui Dental Clinic, Salamtabad, Malegaon
Number of volunteers Participants	20

In continuation of the Community Connect Program a free dental checkup camp was organised by the NSS unit of MMANTC in the slum area of Salamtabad, Malegaon, in collaboration with Marvel Maxfax Hospital on March 27th, 2021. Dr. Ansari Mohammad Ahmad, a specialist dental surgeon, with his staff carried out a comprehensive dental checkup for poor labourers. A total of 31 people were examined. Basic treatments like partial cleaning, simple removal of teeth, simple fillings, and scaling were carried out at camp only; however, rigorous cases were referred to higher treatment. The students taking part as volunteers got ample opportunities to interact with the dental surgeons to inquire about and gain knowledge concerning oral diseases. NSS PO Prof. Shahezad Mahevi thanked the dental surgeons, his staff, the event coordinators, and all the volunteers for rendering moral and selfless service to humanity.

Report on
Road Safety Awareness Program
Organized by
Maulana Mukhtar Ahmad Nadvi Technical Campus, Malegaon

Day and Date	Saturday 06 March 2021
Time	9 AM
Venue	At Chandanpuri Village
Number of volunteers Participants	28

The NSS unit of MMANTC, in collaboration with RTO Malegaon, organised a traffic awareness program on 06 March 2021 at Chandanpuri village. About 28 volunteers took part in this activity for a day.

An awareness workshop was organised by Mr. Khan Sir, Senior RTO Officer of the Road Transport Authority, Malegaon, and his team at the MMANTC campus. They began by outlining the Motor Vehicle Act's provisions and what constitutes a rider. Also described was how to get a licence to drive a non-commercial car. The volunteers gave the general public explanations of the various road signs' meanings and instructions on how to follow them. The most frequent causes of fatalities include failing to implement safety precautions, including seat belts, helmets, and adequate traffic signals. Volunteers advised young people against using their cellphones while driving or being intoxicated. Accidents frequently happen to pedestrians when they cross the street without looking both ways. One of the NSS students who participated in the event as a volunteer thanked everyone and gave the closing remarks

**Report on
Tree Plantation
Organized by
Maulana Mukhtar Ahmad Nadvi Technical Campus, Malegaon**

Day and Date	Tuesday 26 January 2021
Time	Morning 9.00 AM to 5.00 PM
Venue	At their respective home
Number of Volunteers (Participants)	22

MMANTC conducted a tree plantation program on the occasion of Republic Day, 26 January 2021. Republic Day is of national importance, so we decided to conduct an activity that promotes civic responsibilities towards a sustainable India approach. However, due to the pandemic situation of Covid-19, we decided to hold this activity from an individual's home. A brief talk about the importance of tree plantation and environmental conservation was delivered to make them aware of the importance of tree plantation.

We advised volunteers to choose native or indigenous tree species that are suitable for the local environment. Participants planted trees at their homes or farms during this activity. They were instructed to click a picture with their plants and post it on social media to motivate others to plant trees.

Student volunteers and the NSS Program Officer coordinated this activity. A total of 22 members participated in this activity and planted around 42 numbers of plants.

**Report on
Kaadha Distribution
Organized by**

Maulana Mukhtar Ahmad Nadvi Technical Campus, Malegaon

Day and Date	Thursday 18 June 2020
Time	9 AM
Venue	Malegaon city
Number of volunteers Participants	23

Home remedies, herbal mixtures, and other cure-alls has been the subject of a deluge of information since the COVID-19 epidemic broke out earlier this year, purporting to be prophylactic antidotes against infection with the new coronavirus.

One of the most well-known of them is a Unani Kaadha remedy that originated at our medical institute. Malegaon, Maharashtra, was one of the worst-affected towns in the state in the months before the virus was dramatically contained there in June 2020. The utilisation of our kaadha acts as an immunity booster, helping in reducing the cases of COVID-19 dramatically to very low levels until the end of June. Our kaadha became a world-famous immunity booster during COVID.

On June 18, 2020, the NSSS unit of MMANTC College, Mansoor, organised a kaadha distribution campaign to show their support for all the communities during this difficult time of the Corona pandemic. The drive was launched in Malegaon City at 9:00 a.m. The NSS PO and NSS students took part in this program as volunteers. During the distribution procedure, all volunteers and employees are required to wear masks and gloves and adhere carefully to social distance rules. The team returned to the institution at approximately midday after receiving expressions of thanks from the public for their wonderful effort.

NOTICE

The outbreak and spread of the novel Corona virus and the subsequent nationwide lockdown in India witnessed heavy pressure on sustaining family's needs. In view of that, the NSS unit of MMANTC has decided to arrange **Dates Distribution** among the people of Malegaon during Holy Ramazan. The date of program is 11 June 2020.

Only selected staff and NSS students are permitted to participate as volunteer for the successful conduct of the Program.

Note: - Follow all the Covid -19 recommended safety measures, including social distancing, wearing masks and maintain personal hygiene.

Dates Distribution
Organized by**

Maulana Mukhtar Ahmad Nadvi Technical Campus, Malegaon

Day and Date	Thursday 11 June 2020
Time	9 AM
Venue	Malegaon city
Number of volunteers Participants	22

We are all aware that dates have anti-fungal, anti-bacterial, and anti-viral characteristics, as well as the ability to prevent chronic inflammation and other disorders, due to their high phenolic content and high fiber. Hence, dates can aid in the prevention of cardiovascular disease and act as immune boosters. Also, genetic evidence indicates that cell-mediated innate immunity plays a key role in resistance to COVID-19 and in the pathogenesis of severe disease.

On June 11, 2020, the NSS unit of MMANTC College, Mansoorah, Malegaon, organised a Dates kit distribution campaign to show their support for all the communities during this difficult time of the corona pandemic passing through the holy month of Ramadan. The drive was launched in Malegaon City at 9:00 a.m. The MMANTC's chosen NSS Program Officer and NSS students took part in this program as volunteers. During the distribution procedure, all volunteers and employees are required to wear masks and gloves and adhere carefully to social distance rules. The team returned to the institution at approximately midday after receiving expressions of thanks from the public for their wonderful effort.
