College Policy for Persons with Disabilities (Divyangan)

In February 2006, the Government of India issued the National Policy for Persons with Disabilities, therefore MMANTC has implemented this policies in the teaching and learning process. The MMANTC policy recognizes that people with disabilities are a vital human resource for the country and tries to build an environment that gives them equal opportunity, protects their rights, and allows them to fully participate in the academic environment.

Focus of the following Policy:

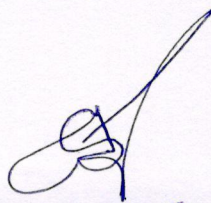

1. To guarantee that the building's architecture, such as the ramp/lift, is accessible to those with disabilities.
2. To offer accessible, gender-sensitive, safe, usable, and functioning washroom facilities for disabled people.
3. The employment of male and female symbols in accordance with local conventions and regulations, with higher outlines and bright colour contrast, will be more visible to all and especially beneficial to people with visual impairments.
4. Learners with disabilities must be effectively and appropriately supported in and out of the classroom, with suitable resources and assistive technology, as well as responsive leadership, teaching staff, and college communities.

Exam Policy:

Depending on the student's requirements to fulfill the specific requirements of students with disabilities, MMANTC will make reasonable changes to the educational plan and evaluation system. Sensible convenience will be provided to suit the needs of a large number of student with disabilities. The examination department has issue guidelines and regulations regarding the use of scribes in exams.

The institution shall follow the education guidelines in terms of the facilities to be provided to the students with disabilities during the exams.
